

ALLEGRO

MOSCATO

WINE OF CALIFORNIA

BRAND STORY

Allegro was the first and continues to be one of the few California Moscatos made exclusively from Muscat Canelli, the same noble grape used to produce Italy's famed Moscato d'Asti. Unlike other Moscato brands produced from the more generic Muscat varieties, Allegro delivers Muscat Canelli's signature exotic floral and honeyed notes in a light-bodied and elegant quaffer – the perfect wine for any occasion.

Our Muscat Canelli vineyards are harvested while the grapes still retain their natural acidity. They are then juiced and cold fermented with a select yeast strain that maximizes the varietal character. Fermentations are arrested at the halfway point to retain as much of the natural CO₂ as possible. The resulting wine is sweet yet refreshing. Allegro's acidity balances out the residual sugar, making the finish crisp and clean but never cloying.

Since our first vintage in 1992, Allegro has consistently received accolades for high quality and has earned a reputation as California's premier Moscato brand.

<i>Varietal</i>	Moscato (Muscat Canelli)
<i>Vineyards</i>	Estate grown and produced in Parlier, California.
<i>Winemaking</i>	Cold and arrested fermentation in stainless steel.
<i>Taste Profile</i>	Fresh and fragrant, offering intense floral and fruit aromas reminiscent of citrus blossoms, apricots and peaches.
<i>Pairings</i>	Delightfully refreshing on its own, but also makes a wonderful complement to brunch, desserts, spicy dishes and sweet and tangy sauces.
