PINOT NOIR

VINEYARDS

Camelot Pinot Noir was produced from a blend of Lodi and Clarksburg region grapes. By blending fruit from varying micro-climates, we are able to produce a distinctive Pinot Noir with rich, ripe fruit flavors and balanced structure.

WINEMAKING

At Camelot we combine state-of-the-art technology with old-world artisan winemaking techniques to craft an outstanding Pinot Noir that consistently over-delivers on quality. Fermented in stainless steel tanks, our Pinot Noir sees some aging in French and American oak to soften and enrich its lush cherry and dark berry flavors.

WINEMAKER'S NOTES

Our Pinot Noir reveals a complex bouquet of strawberry and spiced orange with earthy overtones. Silky smooth on the palate, this delicious, medium to full-bodied Pinot Noir culminates in a nice, lengthy fruit finish. Enjoy it with grilled salmon, rosemary chicken, herb-marinated lamb chops, roast duck, mushroom pizza and mild cheeses.
